PUNJAB AND ITS DEPENDENCIES.

Published by Authority.

LAHORE, THURSDAY, JULY 7, 1898.

PART III.

Notifications by Chief Court, Financial Commissioner, Accountant-General, &c.

CHIEF COURT.

CORRECTION SLIP NO. 108.

Dated 12th May 1898.

Substitute the following rules for Rules 1 to 9 (both inclusive) of Section LXX, pages 334, 335, of Rules and Orders, Volume I.

By order, &c.,

C. H. ATKINS,

Registrar.

LXX.—Rules regulating the practice of the Chief Court in the hearing of causes and other matters.

RULES.

PART A.—HEARING OF CAUSES.

Hours of sitting.

1. The Court will be open daily, except on authorized holidays, between the hours of 10 A. M. and 5 P. M.

Roster of sittings.

2. The Judges will sit singly or in Benches of two or more Judges in accordance with a roster to be framed from time to time, as occasion may require, by the Chief Judge.

Distribution of petitions.

3. Plaints, appeals, applications and petitions will, in the first instance, be distributed amongst the Judges who are for the time being authorized to take petitions, in such manner as may from time to time be prescribed by the Chief Judge.

Causes how to be set down.

4. Causes will be set down for hearing before Benches and Judges sitting singly, in accordance with the roster for the time being, prescribed under Rule 2.

Provided that the Friday of each week will be reserved only for special causes requiring a first or preliminary hearing, and Full Bench causes. No other work shall be set down on such days.

Cause books and Cause lists.

5. Books of causes will be maintained by the Deputy Registrar, in which all the judicial business for disposal by the Court shall be entered by him, and dates shall be fixed for hearing, subject to the rules and practice of the Court, before such Judge or Judges as the Chief Judge may from time to time determine. Weekly cause lists for the Court and daily cause lists for each Bench of Judges, and for each Judge who sits singly, shall be prepared under the orders of the Deputy Registrar, from the books of causes, in the manner hereinafter provided.

Fresh business not to be entered upon after 5 P. M.

6. No fresh case will ordinarily be called on for hearing or other fresh business be entered upon by a Judge or Bench after 5 P. M., but the hearing of a part-heard case may be continued as long as the Court may deem necessary.

Case begun and not finished, to be taken up at next sitting of the same Judges.

7. Any Bench case begun and not finished before the Court rises, will ordinarily be taken up as the first case at the next sitting of the same Judges, unless the Court otherwise orders, in which case a new date for further hearing will be fixed by the Deputy Registrar.

Urgent applications.

8. (*i*). Urgent applications shall be laid before the Judge appointed for the day to hear such applications.

(*ii*). Every application for which urgency is claimed shall be submitted, in the first instance, to the Deputy Registrar with a note of the grounds for considering it urgent. The Deputy Registrar will at once forward the application to the 'Urgent Judge,' who will, after reading it, either refuse to admit it or fix the earliest time he conveniently can for hearing it.

Cause lists for Civil Bench causes.

9. (*i*). One General Cause Register shall be maintained by the Deputy Registrar, in which shall be entered all civil causes admitted to hearing before a Bench, in the order in which they are admitted. This will not, however, include Full Bench causes which are heard, as laid down in Rule 4, on Fridays only. Should any cause be struck out of the Cause Book for any reason, as, *e. g.*, the failure to deposit the amount required for printing, it will not, if subsequently re-admitted, be restored to its original place in the book, but will be entered at the bottom of the list on the date of its re-admission.

A separate book, to be called the Register of Postponed Civil Bench Causes, will be maintained by the Deputy Registrar, and he will enter in it all cases that are postponed, in the order in which they are postponed.

Another separate book, to be known as the Register of Remand Cases, will be maintained by the Deputy Registrar, and will contain all cases in which a remand has been ordered. Ordinarily in remand cases a date will be fixed for hearing at the time of entry in the register, such date to be a Monday in a week of the month following that by which a return to the order of remand is to be made.

A fourth book will be maintained by the Deputy Registrar for early cases, in which will be entered cases which have been marked by a Judge for an early date, and cases which according to practice are treated as such.

Weekly and daily cause lists will be prepared from these four registers in the following manner :—

At the end of each month the Deputy Registrar will prepare weekly cause lists for the four or five weeks of the third month ahead. Thus at the end of January he will prepare cause lists for the weeks of April. In preparing his cause lists for any month, he will first take the Register of Postponed Cases, and will put down first such cases from that register as will be ready for hearing by or as may have been fixed for that time. He will next similarly take cases from his Remand Register, in which a return to the remand has been received; then from his Register of Early Cases, and finally from the General Cause Register. In fixing the number of cases for the whole month, he will first calculate the number of Civil Benches to be held during the month, and will allow three cases per Bench sitting, making up the number from his four registers as already described.

In dividing the cases among the several weeks of the month, he will put down one-third of this number for the first week, a little less than one-third for the second, a fourth for the third and the remainder for the fourth. Every case set down for any week will be set down as for hearing on the first working day of the week. There is one further point to be considered by the Deputy Registrar when fixing the number of cases for the month. It may be that by the end of the month then closing, the Court has not kept up with the cause lists for that month, so that in all probability it will be by a similar amount in arrears at the end of the second month thereafter. In that case the Deputy Registrar will diminish by so much the number of cases to be set down for the third month ahead. Thus, if at the end of January the work is 20 cases in arrears, in arranging the cause lists for April, the Deputy Registrar will presume that there will be 20 cases over from March, and consequently will take 20 less cases from his registers, and will enter 20 less on the cause list for the first week of April.

In special cases it may be that a fixed date is given in a case. This may happen in several ways, as, *e. g.*, a Judge may for some particular reason give a date, or owing to the difficulties of service of summons the ordinary period of between two and three months is insufficient. In such cases the Deputy Registrar will make a note of the date fixed which should, if possible, be the first working day of some week, and this case will take precedence of other work on that date, and will so far interrupt the working of the regular system. In arranging his weekly and daily cause lists the Deputy Registrar will allow for such cases.

As soon as a date is fixed, whether in the ordinary way from two to three months ahead, or by the special order of a Judge, or the Registrar or Deputy Registrar, the Deputy Registrar will issue notice to the parties accordingly.

At the time when a cause is first admitted to a Bench, no date of hearing will be fixed, but the parties will receive a notice in writing informing them that the cause has been so admitted, and that they will receive at least two months' notice of the date of hearing when such date is fixed.

Daily cause list for Bench cases, when and how to be prepared.

(*ii*). On the Thursday of each week a daily cause list for the ensuing week shall be prepared by the Deputy Registrar from the weekly cause list, in accordance with the following directions:—

(*a*) all cases shown in the weekly cause list, which owing to non-service of process or other cause are not complete for hearing, shall be omitted from the daily cause list ;

(*b*) the cases which are complete for hearing will be set down so as to allow six cases for each of the first two Bench sittings, the remainder being divided as nearly as may be equally among the remaining days ;

(*c*) the cases set down for hearing before the First, Second, or a Full Bench, respectively, shall be grouped separately ;

(*d*) the cases shall be entered in the order in which they should be heard, with reference to the weekly cause list and the practice of the Court.

Cases may be called on on any day of the week.

(*iii*). Subject to Rule 7 and the proviso to clause (*v*) of this rule, cases in the daily cause list will be liable to be called on for hearing, by the Bench to which they are allotted, on any Court day of the week.

Cases to be called up for hearing in their order on the cause list.

(*iv*). Cases omitted from the daily cause list under sub-clause (*a*), clause (*ii*) of this rule shall be entered in the Register of Postponed Cases.

Parties and their counsel to attend daily until their cases have been heard.

(*v*). Parties and their advocates, pleaders, mukhtárs, or agents are required to attend the Court on the day for which their cases are put down, and on subsequent days until their cases are disposed of :

Provided that, when an advocate or pleader has been retained in any case in such list, if he informs the Deputy Registrar of the fact before 4 o'clock in the afternoon on the Wednesday of the preceding week (but not otherwise), the Deputy Registrar shall enter the name of such advocate or pleader opposite the case, and such case shall not be called on for hearing on any day prior to the day on whick such case has been set down in such daily cause list.

(*vi*). In preparing the daily cause list, the Deputy Registrar will take into consideration the number of cases, if any, likely to remain over from the week then closing, and will enter these first in the daily cause list for the ensuing week.

Cases remaining over from the week closing to be entered first in the daily list for the week ensuing.

If these cases, together with the cases already fixed for the week, exceed an average of five cases per Bench sitting, the surplus will not be entered on that week's daily cause lists but will remain over for the week following.

N. B.—To the owner (being a *bonâ fide* breeder) exhibiting best collection of branded mares and brood stock by Government stallions ... ... *One silver medal.*

The medal is not to be awarded, two years in succession, to the same breeder or to the same group of brood stock.

Rules for the guidance of Judging Committees of District Horse Shows.

I—Only *boná fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 3 years of age, in foal or with foal at foot, the result of having been covered before 3 years of age, will not be eligible to compete. As foals are usually weaned at the age of six months, branded mares with foals at foot by Government stallions will not be eligible to compete in Class I (*b*) after the foal in question has attained that age. Foals over 6 and under 12 months old may compete in Class VI.

III.—Branded mares proved to be barren, *e. i.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions," unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions, may also compete in "Class III, Fillies."

VI.—Geldings (Class VI), if out of branded mares by Government stallions, may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the Show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the Show, apply to the Secretary of the Judging Committee for a ticket or tickets as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the Show when and where horses should be brought for examination. A shámiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the Members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes, in money, khillat, or medal, as he may think best.

XII.—Endeavours will be made for the appointment of Judging Committees composed of Military Officers, failing which it will be locally arranged to obtain the services of Officers attending the Show, to act as Judges.

The Deputy Commissioner or Collector of the district will *ex-officio* be President; and the Superintendent, Civil Veterinary Department, will act as one of the Judges in the absence of a Veterinary Officer belonging to the Army Veterinary Department.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it. Discretion is also to be exercised by the Judging Committee to reduce the value of the bigger prizes, and to add smaller ones, in classes where the numbers competing are large.

XIV.—The system of judging the animals competing is left to the discretion of the Committee; but practical soundness in a horse shall however be the *sine qua non* for taking a prize, and should not merely count equally with other points of merit. Should any branded mares or fillies be affected with any unsoundness which may be considered hereditary, they will be debarred from the receipt of any prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2.—The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *boná fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3.—In the North-Western Provinces, approved mares and fillies were, up to the year 1877, branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were, up to the year 1885, branded B. M; since that time they have also been branded V. I. In the Bombay Presidency, Sind and Baluchistán, approved mares and fillies are branded /|\. The brand will be found either on the off or near shoulder, or on the saddle place.

4.—In case of remounts not being purchased for one branch of the service of the class for which prizes are offered, the prizes for that class will be added to the prizes offered for remounts of the other branch of the service. For instance:—If no remounts, over 3 years of age, are bought for the British service, the prizes will be added to Native Cavalry Remounts over 3 years of age, and *vice versa*. None but remounts purchased from *boná fide* breeders will be allowed to compete in these classes; the Judging Committee to decide whether the owners of the animals competing are *boná fide* breeders or not.

5.—It has been found that, in districts where private studs are maintained by comparatively rich men, several prizes in the same class are, in many cases, awarded to the same owner; and the poorer breeders do not receive so many prizes as they otherwise would; it is therefore ruled that each private stud competing be restricted to only one prize in each class.

6.—In such districts where stallions have been provided by Districts Boards, and Courts of Ward, or are kept by Native gentlemen, and such stallions have been approved by the Officers of the Civil Veterinary Department, prizes shall be awarded from funds subscribed either by District Boards, Provincial, or other sources other than Imperial, and that funds be allotted to the following classes:—

Mares in foal to such stallions.

Mares with foals at foot by such stallions.

Young stock by such stallions.

The ages of the latter class to be left to the discretion of the Judging Committee, so as to best suit each particular district.

7.—The following rules to be observed in ageing horse and mule stock competing for prizes:—

"Foal at foot"	**... From date of birth to 6 months old.**
"Foal"	**... Over 6 and under 12 months old.**
"Yearling"	**... 12 months to under 24 months old.**
"Two yearsold"	**... 24 months to under 36 months old, and so on.**

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 7.

FINANCIAL COMMISSIONER'S OFFICE,
Dated Lahore, 1st September 1898.

To

ALL COMMISSIONERS, DEPUTY COMMISSIONERS AND THE EXCISE COMMISSIONER, PUNJAB.

Powers of Police Officers in connection with offences against the Excise Act of 1896.

DEPUTY COMMISSIONERS are aware that under the authority of Section 44, clause 1 of the Excise Act, 1896, the Local Government has by notification invested all Police Officers in virtue of their office with the powers conferred on Excise Officers by Section 36 of the Act and Police Officers of a certain rank with the powers conferred on

Excise Officers by Sections 37 and 38 (*vide* Punjab Government Notifications Nos. 735 and 735½, dated 26th March 1885, quoted at page 126 of the Excise Pamphlet).

For all purposes connected with the exercise of the powers so conferred, therefore Police Officers are Excise Officers within the meaning of the Excise Act. For other purposes Police Officers are not to be deemed Excise Officers. Thus in a recent judgment of the Chief Court, No. 1601 of 1897, on the revision side it was held that a Magistrate had acted contrary to the provisions of Section 57 of the Excise Act in taking cognizance of an offence punishable under Section 52 on the report of a Deputy Inspector of Police, the flaw being that the Deputy Inspector in making the report was not acting in exercise of any of the powers conferred on him under the authority of Section 44 (1) of the Excise Act.

There are of course several classes of Excise offences which might come to the notice of Police Officers at a time when they did not happen to be exercising the powers with which they have been invested under Section 44 of the Excise Act. On such occasions their proper course would be to make their report in the first instance either to the Collector or to an Excise Officer with a view to his taking measures, if he considers this expedient, to lay a complaint or information before a Criminal Court. It might often happen that the Collector or Assistant Collector to whom the Police made their report would himself be the Magistrate before whom the criminal charge, if instituted, would in the ordinary course be heard. In such case it would be necessary for the Collector or Assistant Collector before taking cognizance of the case in his Magisterial capacity to draw up in his capacity as Collector a separate memorandum of the information received.

To ensure Excise Officers being always available for the reception of information regarding Excise offences, Deputy Commissioners should now in their capacity as Collectors record afresh proceedings appointing by name or by virtue of their office Tahsíldárs, Náib Tahsíldárs, Excise Daroghas and any others of their subordinates suited for such work to be Excise Officers for the prevention of offences against the Excise Act, and in circulating their proceedings for general information they should direct the careful attention of their subordinate Magistrates, and of all officers of the Police and Excise Departments to the provisions of Section 57 of the Act and should explain the precautions that must be observed both in reporting and acting on information regarding the commission of Excise offences.

FINANCIAL COMMISSIONER'S OFFICE.

Addenda and Corrigenda to Punjab Revenue Circulars.

The 8th September 1898.

No. 692.

Revenue Circular 64, paragraph 8.

After ". . . . . within the jurisdiction of such a Court.", *add* "When the respondent in the partition proceedings puts forward an objection as to title the Revenue Officer should invariably, unless there is some special reason to the contrary, proceed to determine the question himself and not refer the objector to a Civil Court."

For "If the Revenue Officer . . . decided.", *substitute* "If the Revenue Officer determines to hear the case himself and the burden of proof is on the applicant for partition, he should order the applicant to present by a certain date a plaint bearing the full stamp prescribed in the case of a Civil or Revenue suit regarding the question of title for decision and should inform him that, if he fails to do so, the partition case will be struck off the pending file. If, however, the objector is the respondent in the partition proceedings the Revenue Officer should in the first place direct the objector to file a duly stamped plaint by a fixed date. If such plaint is filed no difficulty arises and the case can be decided as an ordinary civil suit. If, on the other hand, the plaint is not filed, the Revenue Officer must not simply set aside the objection without inquiry, but must treat the objection already put forward—whether in the form of a petition or of an oral statement recorded on the file—as a sufficient plaint and proceed to inquire into the question. A written statement can of course be called for under Section 112 of the Civil Procedure Code. The powers conferred by Sections 113, 157 and 158 of the Code are such that if a party fails to comply with a direction, *e. g.*, to file a formal plaint or written statement by a certain date, the Revenue Officer "may, notwithstanding such default, proceed to decide the suit forthwith." After decision of the question at issue the Revenue Officer can pass such orders as to the payment of court-fees as he thinks fit under Chapter XVIII of the Civil Procedure Code.

(*iii*) As regards the future—a point raised by the Commissioner—it appears to me, as at present advised, that the Revenue Officer would be well advised when attesting the entry made by the Patwári to see that the transfer has been made according to Section 56, Punjab Tenancy Act. He could do this by either obtaining the consent of the landlord in writing or causing his attendance. Until consent is obtained, I doubt if his refusal to sanction the transfer would be upset on appeal. I am at the same time not prepared to give any instruction as the question must first be fully threshed out and opinions obtained. If the Commissioner or Collector gives such an instruction it must be on his own authority.

N. B.—The broader question as to whether in all cases mutation is to follow possession, even though such possession is clearly illegal, can only be decided when a case comes up on revision or appeal. I incline to the view that as the right to mutation depends on "acquisition" and acquisition depends on "right", or at least on the agreement "of all the parties interested" possession is only one of several elements not the sole element to be considered when a dispute arises. It is obvious that unless "all the parties interested" are made parties in a case of the kind under discussion, the Revenue Officer cannot ascertain whether the entry by the Patwári is or is not disputed. When making his entry he should, I think, note whether or no the landlord's consent has been obtained.

CIRCULAR No. 8.

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, 5th December 1898.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

IT has come to the notice of the Financial Commissioner that the annual notices of work performed by Revenue Officers do not in all cases specify correctly the actual periods spent by officers on tour. It is therefore requested that care may be taken to give correctly the period spent on tour by each officer. When an officer has served in more than one district during the year, a report should be submitted from each district in which he has served.

By order,

W. S. HAMILTON,

(*Translated.*) *Senior Secretary to the Financial Commissioner, Punjab.*

PUNJAB AND ITS DEPENDENCIES.

LAHORE, THURSDAY, DECEMBER 22, 1898.

PART III.

Notifications by Chief Court, Financial Commissioner, Accountant-General, &c.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 10.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 16th December 1898.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Classes under which suits brought under Sections 60 and 77 (3) (*h*) of the Tenancy Act seem to fall for the purpose of levying the Court-fees specified.

THE attention of the Financial Commissioner has been called to the fact that suits brought under sections 60 and 77 (3) (*h*) of the Tenancy Act are frequently improperly stamped. Suits under these sections would seem to fall into three classes :—

(*i*). Those in which the alienor remains in possession and the landlord merely sues for the cancellation of the alienation.

(*ii*). Those in which the alienee is in possession and the landlord, after securing the cancellation of the alienation, sues the alienee for possession.

(*iii*). Those in which the alienee is in possession, and the landlord sues both the alienor and the alienee, claiming the cancellation of the alienation and the possession of the land.

Suits comprised in Class (*i*) should be stamped under Court Fees Act, section 7 (*iv*) *c*, as the cancellation of a bond is consequential relief. See Punjab Record 2 of 1886 and 109 of 1893: and compare section 39 with section 42 of Act I of 1877.

Suits comprised in Class (*ii*) should be stamped under Court Fees Act, section 7 (*v*).

Suits comprised in Class (*iii*) should be stamped under Court Fees Act, section 7 (*iv*) *c*.

By order,

W. M. HAILEY,

Junior Secretary to the Financial Commissioner, Punjab.

CIRCULAR LETTER No. 6729.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 16th December 1898.

To

THE DIRECTOR OF LAND RECORDS AND AGRICULTURE, PUNJAB,

ALL DEPUTY COMMISSIONERS AND SETTLEMENT OFFICERS IN THE PUNJAB; AND COLONIZATION OFFICER, CHENAB COLONY.

Sir

1. UNDER the orders of the Financial Commissioner the following instructions are issued regarding the preparation of estimates of the outturn of all crops.

2. The Government of India in their No. 89 A., dated 25th July 1884 directed that the estimates of crops for which forecasts have to be prepared should be made with reference to an average or ordinary crop; that there was no objection to the employment of the American system of notation, but that if preferred the result of the harvest might be expressed in annas, twelve annas being taken to represent an average crop. Again, by Government of India No. 129 A. 7—197, dated 6th November 1885, the latter fraction was changed from 12 to 16 annas, and further in their No. 48—9, dated 21st December 1892, the Government of India prescribed the general adoption of the anna-system, 16 annas being taken as the standard of an average crop.

3. In certain parts of India, however, it was found that the adoption of a scale at variance with that in local use resulted in a confusion of the estimates, and the Government of India in their No. 9—27—4, dated 23rd October 1897, decided that the system of notation to be followed shall be left to Local Governments and Administrations, as these orders rendered the collation of statistics a matter of some difficulty for the whole of India. The Government of India in the same letter ordered that in all Forecasts furnished to the Government of India the anna system be discontinued, and the American method of notation be universally employed, *i. e.*, that 100 should be taken as expressing a normal crop, and that the estimated outturn be expressed in a percentage of that figure.

4. It will be seen that in these orders the word "normal" has taken the place of "average." A normal crop is that crop which past experience has shown to recur most generally in a series of years, the typical crop of the locality under report, the crop which the cultivator has a right as it were to expect, and with which he is content, while if he gets more he will consider himself exceptionally fortunate, and if he gets less, he will have reason to complain. This normal crop will by no means necessarily correspond with the average crop of a series of years worked out from statistics alone. Such a result is a purely arithmetical one, and is one moreover which probably never actually occurs.

5. The Financial Commissioner therefore directs that in future all estimates of the outturn of crops whether in Forecasts or Administrative reports, should be expressed in percentages of 100, that figure being assumed to be a normal crop, and that the anna-system of notation be entirely given up.

The standard of the normal crop for each district will be determined by the Collector or Settlement Collector, who should now, with reference to the experience of past years, determine the normal standard. Regard will be had to the usual healthfulness of each crop, its normal growth and the injuries from insect or fungus pests, drought, wet, cold, or frost, to which it is normally exposed. Once the standard is fixed, numbers above or below 100 will indicate to what extent the crop is better or worse than might reasonably be expected.

I have, &c.,

W. S. HAMILTON,

Senior Secretary to the Financial Commissioner, Punjab.

(*iii*). Those in which the alienee is in possession, and the landlord sues both the alienor and the alienee, claiming the cancellation of the alienation and the possession of the land.

Suits comprised in Class (*i*) should be stamped under Court Fees Act, section 7 (*iv*) *c.* as the cancellation of a bond is consequential relief. See Punjab Record 2 of 1886 and 109 of 1893: and compare section 39 with section 42 of Act I of 1877.

CORRECTION SLIP.

FOR paragraph 4 of this office Circular No. 1 of 15th January 1898, substitute the following:—

4. In filling up columns 6 and 7 of Forms A and B respectively, the details as to the average number of persons employed daily during the working season and the months during which they are employed need not be shewn separately. The figures relating to the "average number of persons employed daily" should either be taken from the statements prepared under the Factories Act, where these are available, or be worked out in like manner by dividing the aggregate number of daily attendances of both permanent and temporary employés by the number of days in each year during which the Factory or business was working. The figures in columns 4, 5 and 6 of Form B should also be worked out on the above principle. In all cases average figures and not the figures for a particular day should be given. The return is for the calendar year.

I.—*The Annual Report.*—The following report on the working of the institution during the year 1897-98 was adopted with an expression of the gratification of the meeting that the number of life members and annual subscribers had so substantially increased:—

Report of the Punjab Public Library for the year 1897-98.

General remarks.

1. THE Hon'ble C. L. Tupper, C.S.I., and the Revd. Dr. J. C. R. Ewing returned to the Province during the year; Mr. A. Meredith left Lahore on transfer; and Mr. F. H. Andrews proceeded on furlough in March 1898. Mr. Meredith was succeeded on the Committee by his successor in the Deputy Commissionership of Lahore; and as Mr. Andrews is not expected to return to the Province steps will shortly be taken to fill up the vacancy. There was no change among the members nominated by the Lahore and Meean Meer Institute, the Panjab University, the Lahore Municipal Committee and the Bishop of Lahore. Bháis Rám Singh and Jowáhir Singh represented the life members. Their term of office has expired, and they are eligible for re-election.

I have to express my indebtedness to the members for their co-operation in the work of the Library, particularly to Mr. J. A. Sinclair for the help and guidance he has continued to give me during the absence of the President in Europe.

Books read.

2. The number of volumes referred to or read in the Library rose from 33,156 to 33,568, and that of books taken out by annual subscribers and life members from 8,841 to 9,876. The total number of books read or referred to during the year of report was 43,444 against 41,506 in the previous year.

Annual subscribers.

3. The number of annual subscribers increased from 188 to 230, and 10 life members were enrolled in 1897-98, as against three in 1896-97. Among members of the Punjab Commission, in the ranks of the learned professions, and among the Indian *Raises* and notables there are many whom it would be desirable to have on our list of life members, and I hope they will join the Library as the useful purpose it has served and is serving becomes more widely known.

Additions to the Library.

4. During the year under report 252 volumes were added to the Library. Of these, 91 were presentation copies,—for which the thanks of the Committee are due, among others, to the Punjab Government, the Government of India in the Home and Legislative Departments, the Government of the North-Western Provinces and Oudh, Major D. St. J. D. Grant, I.M.S., the Deputy Commissioners of Karnal and Hazara, the Government of Bombay, and the Hon'ble S. S. Thorburn. Books purchased were selected by the "Standing Sub-Committee for the Purchase of Books."

Meetings.

5. The Committee met six times during the year to transact the business of the institution, against seven times in the year previous.

The Classified Catalogue.

6. The preparation of the classified catalogue is nearly finished. Two hundred pages have been printed off, and with the exception of a supplement that will contain blue-books and reports and books added since the earlier parts of the catalogue were seen through the Press, the complete Manuscript was put into the hands of the printers before the close of the year. The revision of the catalogue of oriental books is not expected to make any appreciable progress pending the report of the two special Sub-Committees of oriental scholars, appointed to examine oriental books now in the Library with the view to exclude those not deserving of a place on our shelves. These Sub-Committees are expected also to make suggestions regarding the purchase of standard works in oriental languages which must considerably enhance the value of the Library as a place of reference for scholars and men engaged in any special branches of research. Paucity of funds stands in the way of the Committee securing "a thoroughly representative collection of Eastern works," but the Committee have agreed to my proposal that a good part, at least one-third, of the money assigned for the purchase of books in this year's budget, might well be utilized in supplementing the resources of the Library in Arabic, Persian and Sanskrit books.

Auditor's Report and the Statement of Receipts and Expenditure.

7. Appended below is the Auditor's Report as well as the Statement of Receipts and Expenditure for the year 1897-98:—

To—The Secretary, Punjab Public Library, Lahore.

K. B. THAPAR,

The 30th November 1898. *Secretary.*

Checked and found correct.

E. LEWIS,

The 30th November 1898. *Auditor.*

The increase in receipts from Local Bodies and donations of life-members is certainly gratifying. But there are districts from which the Library gets no aid, whilst some of those that do contribute to its funds might well increase their donation. In this connection I am glad to be able to report that the Lahore Municipal Committee, at a meeting held in November last, favourably entertained my application for an enhancement of their monthly grant. Even this enhanced grant is, in my opinion, hardly adequate in view of

the strong claims for support the Library has been adjudged by responsible authority to have upon the Lahore Municipal Funds, but we have to remember that the Lahore Municipal finances have but just begun to look up after a period of depression extending over some years. There is another source from which we might reasonably expect some help. The Native States of the Punjab—at any rate the more important ones—might well make the Punjab Public Library small monthly grants of money in view of the use made of the Library by students in the Lahore Colleges coming from those States, as also of the fact that movements of public utility in British India are aided, and often liberally, by the States.

Budget Estimates of Receipts and Expenditure.

8. The Committee, at a meeting held on the 30th ultimo, drew up estimates of probable receipts and expenditure for the year 1898-99. These are contained in the Statement given below:—

* The addition of Rs. 90 is due to increases in the salaries of the Librarian and his Assistant sanctioned with effect from 1st December 1898.

K. B. THAPAR,
Secretary.

The 30th November 1898.

The Committee have decided to establish a Reserve Fund consisting chiefly of receipts on account of donations from life members which are distinct from current and annual subscriptions. The raising of the allotment for "Purchase of Books" from Rs. 1,000 to Rs. 1,500 this year is certainly a satisfactory feature in the Budget, as are also the enhancement of the amounts assigned for "Furniture" and "Book-binding."

K. B. THAPAR,
Secretary.

The 20th December 1898.
